Spring has sprung!

Enjoy the new season with the elderly in your care.

5 Ways to celebrate Spring

1. Enjoy a day of meals and activities outside, if weather permits.
2. Play music with an Environmental theme! [Here](#) is a great link to songs & words.
3. Make Art out of recycled materials – Eg this tree made from buttons & recycled paper.
4. Encourage everyone at your facility to be environmentally friendly by using reusable bottles, banning plastic bags & sorting your recycling.
5. Plant a tree or Veggie garden. Encourage visitors to get involved too!
