

# Celebrate BOOK WEEK!

According to Kidshealth.org, studies show that kids with active exposure to language have social and educational advantages over their peers — and reading is one of the best exposures to language!

Here are 4 ways to celebrate Book Week

1. Ask children to share their favourite book.
2. Read some of the 2019 Children's Book Council of Australia [Book of the Year short list nominees](#)
3. Have a Favourite Book Character dress up day & parade! [Here are some great costume ideas.](#)
4. Draw and colour in pictures of favourite books.
