World Environment Day

A Platform for Action

World Environment Day is the UN's most important day for encouraging worldwide awareness and action for the protection of our environment. Since it began in 1974, it has grown to become a global platform for public outreach that is widely celebrated in over 100 countries.

The People's Day

Above all, World Environment Day is the "people's day" for doing something to take care of the Earth. That "something" can be focused locally, nationally or globally; it can be a solo action or involve a crowd. Everyone is free to choose.

The Theme

Each World Environment Day is organized around a theme that focuses attention on a particularly pressing environmental concern. The theme for 2018 is beating plastic pollution.

The Host

Every World Environment Day has a different global host country, where the official celebrations take place. The focus on the host country helps highlight the environmental challenges it faces and supports the effort to address them. This year's host is India.

7 Ways to celebrate World Environment Day

1. Encourage everyone at your facility to use reusable bottles.
2. Enjoy a day of meals and activities outside, if weather permits.
3. Play music with an Environmental theme! [Here](#) is a great link to songs & words.
4. Show you're proud to promote World Environment Day! [Download](#), Print & display a poster.
5. Make Art out of recycled materials – Eg this tree made from buttons & recycled paper.
6. Try an Environment-themed [quiz](#)
7. Plant a tree or Veggie garden. Encourage visitors to get involved too!
