

## OSCAR Hospitality welcomes Emmanuel

This month, we are pleased to welcome our newest dietitian, Emmanuel Shamou.

After completing a Bachelor of Human Nutrition and Master of Dietetic Practice at La Trobe University Melbourne in 2016, Emmanuel comes with previous experience working in aged care at various locations around the state which also included home visits.

Emmanuel has also worked in private practice for over 18 months in regional Victoria where he saw a variety of patients from paediatrics to older adults, with an extensive caseload.

Emmanuel has also held nutrition education sessions at several universities and primary schools across Melbourne teaching young students about the importance of food and nutrition for growing bodies.

Having completed the Sports Dietitian course in 2017 in Canberra, Emmanuel is now also a qualified sports dietitian.

He is very passionate about good food, good health and good nutrition!

*Need to establish a plan to ensure a child or elderly person's nutritional requirements are met? To consult with Emmanuel Shamou or OSCAR Hospitality's Lead Dietitian, Julie Taylor, please call or email via our contact details below.*
